- Upcoming events?
 - Discuss ideas for a community event hosted by the Green Team

Upcoming Events

- June 12, On the Path to Zero Waste, College Park City Hall

Future Meetings: The Second Tuesday of every month

July 8

Aug 12

Sep 9

June 10, 2014 Green Team Meeting Minutes

Attendees included: Krista, Bill, MaryLee, Brian, Jessica, Jodi-Beth

Actions and summary below:

Work Plan

- Vision statement was discussed and slightly re-worded to the following: *The Mount Rainier Green Team works to create a healthy and sustainable city for our residents and thereby serves as a model for how a small city can achieve sustainable outcomes through community participation. Our group works to leverage the energy and leadership of our residents to decrease our environmental footprint and create a more livable future for the community and planet.*
- A few items were discussed such as recycling research on larger bins. MaryLee noted at a MMC Environmental Boards and Commissions meeting she attended in March she met someone from the City of Bowie who had done an analysis he was willing to share. ACTION: MaryLee will reach out to the Bowie contact for information.
- We discussed the need for a Mt Rainier city website to feature a tab providing information on the Green Team, recycling, composting and other information such as

reports, etc. ACTION: Jessica volunteered to take a first crack at a list of ideas on what could/should be included for content.

- We discussed organizing an event for residents and we decided in the near-term to try and organize a Rain Check Rebate event in Mt Rainier with the DER. Bill volunteered to reach out to the DER and get a contact and passed along the name and email. MaryLee has been trying to connect with this person via email and phone.
- MaryLee presented the Green Team work plan during the City Council work session on June 17.
- ACTION: MaryLee will make spreadsheet of actions to track.

Pepco and Trees

We discussed pending Pepco work and the efforts of the Tree Commission to survey public space trees. We discussed the new ordinance as of July 1st and uncertainty re: how that will be enforced. The levee project was discussed but there is no new information to share.

Development Projects

Perry Street zero energy homes. Information was passed along via Bill in separate email.

RFP for 3300 block of Rhode Island - no updates known

Net-Zero home RFP for 34th St is closed.

Next Meeting (every second Tuesday of month)

July 8 - tentative joint meeting with Tree Commission for Pepco presentation on vegetation management and informational Q&A. Awaiting confirmation from Pepco.

August - no meeting
