INFORMATION FOR REQUESTS FOR RESIDENTIAL PARKING PERMIT DESIGNATION:

Requests for designation of a Residential Parking Permit (“RPP”) area must contain eligible signatures from at least 60% of the dwelling units located on the street, stating that such individuals want a restricted RPP zone designated. If the RPP is being requested for only a portion of a street, the petition must contain eligible signatures from at least 60% of both the dwelling units located on the unit block on which the RPP will be designated and the dwelling units located within one unit block of the block for which a RPP area is being requested.

“Eligible signatures” mean the signatures of individuals over age 18 residing in a dwelling unit located on the street for which a designation of a RPP zone is being requested and, if the RPP is being requested for only a portion of a street, the signatures of individuals residing in dwelling units located within one unit block of a street for which a RPP zone is being requested. Only one signature per dwelling unit will be considered for purposes of a Petition for designation of a Residential Parking Permit Area.

See Mount Rainier Code § 13-122, Residential Parking Permits, for more information.
