

City of Mount Rainier Department of Public Works

Curbside Leaf Collection 2024

Collecting leaves reduces potential accidents and injuries caused by slipping on wet leaves and prevents storm drains from clogging and causing street flooding during heavy rains.

Each area will be scheduled for two collections. Please see the attached map to determine the scheduled time for leaf collection on your street.

The Department of Public Works thanks residents for their patience with the leaf collection, which may be affected by rain and winter weather events.

Fall 2024 Curbside Leaf Collection Schedule				
Area 1 (RED)	Area 2 (GREEN)	Area 3 (BLUE)	Area 4 (ORANGE)	Area 5 (PURPLE)
Collection begins Nov.5	Collection begins Nov.12	Collection begins Nov.19	Collection begins Dec.3	Collection begins Dec.17
Collection begins Jan.2	Collection begins Jan.9	Collection begins Jan.16	Collection begins Jan.30	Collection begins Feb.11

Curbside Leaf Collection Guidelines

- Please rake leaves onto the street before your street's collection period. Rake leaves into piles at the curb. This enables crews to move more quickly and efficiently.
- Do not include tree limbs, bricks, dirt, rocks, stones, litter, branches, or other debris with leaves as it will damage the equipment, hurt our workers and delay collections.
- Avoid placing leaves in front of storm drains.
- Move parked cars off leaf piles for collection.
- Do not rake leaves into alleys or service roads.
