**MEMORANDUM**

**To:** See Distribution List

**From:** Kourosh Kamali, City Manager

**Date:** September 10, 2021

**Subject:** Green Purchasing Policy Reminder

Please review the Green Purchasing Policy, which the Mayor Council passed at its regular meeting on May 1, 2012. This resolution was adopted as one of the required action items to become a certified community under the Sustained Maryland Certified requirements. Many of the requirements delineated in the resolution the City of Mount Rainier has already had in place for a number of years. However, the adoption of the resolution is the city's formal green policy for all purchasing. This memo is a reminder to all about the Green Purchasing Policy.

Please ensure that all of your staff is aware of this policy and that they follow it to the letter. The resolution and this memorandum will be posted on the city's website at [www.mountrainiermd.org](http://www.mountrainiermd.org) as well. Thank you for your cooperation and adherence to this policy.
