IT'S IN OUR HANDS

2010 Census Partnership Agreement Form

Thank you for becoming an official 2010 Census partner! The U.S. Census Bureau appreciates your support in ensuring the success of this monumental effort.

Your support as a 2010 Census partner is important. Here's why:

- ▶ Every year, more than \$300 billion in federal funds are awarded to states and communities based on census data. That's more than \$3 trillion distributed over a 10-year period.
- ▶ Census data guide local decision-makers in important community planning efforts, including where to build new roads, hospitals and schools.
- ▶ Census data affect your voice in Congress. The census determines how many seats each state will have in the U.S. House of Representatives as well as the redistricting of state legislatures, county and city councils, and voting districts.

The goal of the Census Bureau's partnership program is to combine the strengths of local governments, community-based organizations, faith-based organizations, schools, media, businesses and others, to ensure a complete and accurate 2010 Census. The Census Bureau will provide promotional materials, regular updates and data assistance to partners to assist in this effort. Together, through this partnership, we can ensure the 2010 Census message is delivered to every corner of the nation. **Achieving a complete and accurate 2010 Census is in our hands.**
