A “trash container” refers to a watertight and rodent proof container with tight-fitting lid.

A trash container shall be a city-provided trash container. However, for up to two years following the implementation date of these rules (**09/28/2018**), residents may use up to **three (3) secondary trash containers no larger than 35 gallons**. Beginning three years following the implementation date (**09/28/2018**), residents may have up to three (3) city-provided trash containers. The City will provide one city-provided trash container at no cost to the resident. Additional city-provided trash containers may be purchased from the City at 100% of the cost of the container.

Waste receptacles must be placed on the curb after 7:00 PM the day before waste collection and no later than 7:00 AM the day of collection. If a holiday falls on a regularly scheduled waste collection day, waste collection will be rescheduled to the following business day.
