## **FOR IMMEDIATE RELEASE**

Mount Rainier, MD – The City of Mount Rainier has appropriated \$10,000.00 from its Contingency fund to establish an Emergency Preparedness Fund to aid in the relief of at-risk Mount Rainier residents. The fund will include the purchase and distribution of food, toiletries and other essential items during the current pandemic.

The refrigerator located in Mount Rainier’s Police Department will be used to store vital food products. This will allow Mount Rainier’s CERT team easy access and expedite the distribution process.

The Department of Economic Development alongside the City Manager will also assist local businesses by locating federal, state, county and private sector financial resources along with appropriate programs and initiatives.

As the City of Mount Rainier begins implementation of its Emergency Preparedness Fund, rest assured we will continue to work diligently to support and assist our residents during these trying times.
